Partition wall system Bambino Klassik With underfloor heating

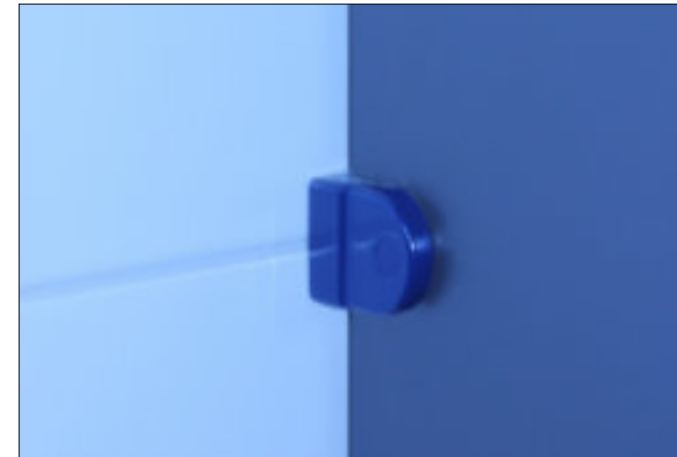

- Bambino Klassik solution for underfloor heating
- Configuration with high front wall sections, stabilizer and adhesive pedestals
- Guarantees maximum stability and prevents damage to your underfloor heating system

Bambino adult system

- As an adult system with finger pinch protection
- Possible as a corner cubicle in combination with the flush-mounted Bambino system of variants 1-3

Standard Features

Solid aluminum panel brackets:

- 8 mm, 4-fold screwed with stainless steel screws, powder-coated, to compensate for construction tolerances.
- All edges are protected against impact with ABS edge banding (radius = 2 mm). All corners are rounded to a radius of 33 mm to prevent injuries.

3-roller safety spring hinges:

- 20 mm, with continuous aluminum finger protection tube between the hinges.

Cranked safety ring handle:

- Made of impact-resistant and break-proof nylon with integrated rubber damper as door stop.

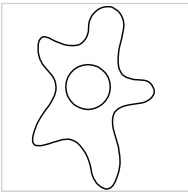

Pedestals:

- Made of powder-coated aluminum (20 mm) with stainless steel plate and non-slip nylon cover rosette, height-adjustable.

B-Bambino Stock colour chart

All KEMMLIT kindergarten products are characterized by a consistent, coordinated colour concept. There are six colours available for handles, fittings and accessories, 13 Bambino Klassik colours for the panels, which can be freely combined, and four Bambino Exklusiv theme worlds. Clear colours not only have a friendly effect, but also make it easier for children to find their way around.
